

# Ben Klay

## Vice President and General Manager of the North American Infrastructure Systems Group

### ARROW ENTERPRISE COMPUTING SOLUTIONS

Ben Klay is vice president and general manager of the North American Infrastructure Systems Group enterprise computing solutions segment of Arrow Electronics, Inc. (NYSE:ARW). With 15+ years of experience, Ben has been a consistent, innovative leader in the sales organization, building a track record of growth, execution and customer service. He is responsible for managing the supplier and partner relationships for Arrow's storage, networking, converged infrastructures and emerging supplier businesses.

Ben joined Arrow in 2000, taking on roles of progressive leadership in sales and business unit management. He most recently led the North American EMC business as senior director of sales. His relentless focus on operational excellence, practical solutions to customer challenges and execution has helped Ben's teams excel in good economies and bad.

Ben holds a Bachelor of Marketing Degree from Minnesota State University, Mankato. He and his wife Erin live in Chaska, Minnesota with their two children.
